

# Walsh Rewarded by Another Super PAC for Extreme Views

October 24<sup>th</sup> 2012

Congressman Walsh has received support from another Super PAC for his extreme views. Indian Americans for Freedom joins Now or Never, New Prosperity, Freedom Works and the Heritage foundation who have given nearly \$3 million to help Walsh continue his far-right wind agenda.

The Super PAC Indian Americans for Freedom has spent more than \$70,000 on false attack ads on Duckworth. Why? Congressman Walsh has written a letter to Secretary of State Clinton asking to grant Narendra Modi a Visa to the United States. Human Rights Watch stated that Modi was complicit in 2003 riots in western India which killed nearly 2,000 Muslims. The Bush administration denied Modi a Visa in 2005 because of “severe violations of religious freedom.” Indian Americans for Freedom’s ad is blatantly anti-Muslim and applauds Walsh for his comments on “radical Islam”. In August, Walsh claimed without evidence that there were radical Islamist cells in Elgin, Elk Grove Village and Addison. He has also stated that “Islam is not the peaceful, loving religion we hear about.”

“Yet again, Joe Walsh is being rewarded for being an extremist,” said Duckworth for Congress Campaign Manager Kaitlin Fahey. “Narendra Modi has been denounced as a violator of religious freedoms and instigator of violence by two administrations; one Republican and one Democrat. Congressman Walsh is reaching out to the extreme fringe for funds to run a negative campaign.”
